

CERAMICS LAB

Ceramic Open Labs are held Wednesdays, 4:30 to 7:30 pm. Students can work independently in our ceramic studio during open lab time. No class enrollment is required, but instruction is not provided.

You'll have access to six electric wheels, an ADA wheel, slab roller, extruder, and a variety of tools like trimming tools, ribs, sponges, stamps, and molds. Open lab offers a relaxed, creative space to explore and enjoy. Minimum age to participate is 14.

Cone 5 Glaze List

We have a variety of different glazes available for use. The following cone five glazes are available during open lab:

Colonial White, Peach Gloss, True Celadon, Turkish Amber, Dynasty Red, Mandarin Orange, Black Gloss, Royal Blue, Purple Gloss, Lemon Yellow, Chun Red, Chartreuses and Clear.

Cost

Drop in for one-day lab access is \$20 for residents of Tracy and \$22 for non-residents. We offer a punch card at \$100 for residents and \$110 for non-residents. With your punch card you will have six entries for the price of five, which you can use whenever our ceramics open lab is running. Punch cards expire one year after the first date is used.

Clay Available for Purchase

Clay is \$24.00 plus tax for a twenty-five-pound bag, with or without grog. Recycled clay is \$14.00 plus tax for a twenty-five-pound bag. Recycled clay is not always immediately available so please call ahead if you would like to purchase.

Ceramic Firings

The Grand is pleased to provide cone 5-6 & 05 electric kiln firing services to the local ceramic arts community. Simply purchase clay through the center and then make an appointment to bring your unfired projects to our studio.

The cost of firings is dependent on the size and amount of work. We will provide you with a finalized price when pieces are ready for pick up. Please note this special service is contingent on our acceptance of materials to be fired; we reserve the right to reject work that includes paper, metal, or unidentified materials. Please contact the Ceramics Technician for more information about ceramic firings and availability.
